Montana Licensing Reform Task Force

This Task Force was created pursuant to Executive Order 1-2026 on January 29, 2026.

Purpose of the Licensing Reform Task Force

The Task Force shall provide the Governor with recommendations and strategies for the State of Montana to reform the professional occupational licensing system for the purposes of:

- identifying and removing burdens and barriers faced by licensees that are not necessary to protect the public; and
- improving access to and availability of professional services for citizens across Montana, including rural communities.

In developing recommendations and strategies, the Task Force shall seek input from Montana citizens, legislators, Montana associations whose members are licensed occupational professionals, professional licensing boards, relevant state agencies, advisory groups and researchers focused on occupational licensing, and other appropriate stakeholders as determined by the Task Force.

Public Record

Please note that all information received through this form is public record.

Which committee would you like to receive your comment?

Full Task Force
Health Care Subcommittee

We want to hear from you!

We would like to receive any comments you would like the Task Force, or one of its subcommittees, to review. In addition, we are specifically looking for feedback for:

1. Specific topics a committee or the task force should consider, and
2. Specific people or organizations you think the task force should hear from.

Do you have a general comment or a specific person or topic for the Task Force to hear from?

Specific person or topic

What are your comments?

After reviewing the data collected for the Healthcare Subcommittee on total # of licenses, costs, and days to application approval, specifically for the 'Medical Examiners' section, all Emergency Care Provider (ECP) total licensure is missing. I also noticed reviewing the Healthcare Committee composition that ECPs are not represented at all on the breakdown of persons on the Board. I'd be willing to wager that total numbers of ECPs across the state outnumber that of physicians, PAs, podiatrists, osteopaths, dieticians, etc., yet we have no representation? I implore the Healthcare Subcommittee, yet again, to have a solid representative for ECPs across Montana on your board. Also, I would like to see completed licensure information for total EMR, EMT, AEMT and Paramedic total licenses.
