

Licensing Task Force

PARKING LOT LIST

The following topics have been identified in full task force or subcommittee meetings as topics that fall either outside the scope of the four subcommittee policy areas, or outside the scope of the task force itself. This list is intended to be used as part of a discussion on whether to incorporate these topics into the task force's work, through a new subcommittee, or during a future task force meeting.

The first list includes topics from task force members. The second list includes topics gleaned from public comments.
