

Licensing Task Force Sunset Subcommittee

INITIATIVES AND PRIORITIES WORKSHEET

As stated in the Governor’s Executive Order, the Task Force shall provide an initial written report to the Governor with recommendations and strategies to reform the professional occupational licensing system for the purpose of:

- identifying and removing burdens and barriers faced by licensees that are not necessary to protect the public; and
- improving access to and availability of professional services for citizens across Montana, including rural communities.

SUBCOMMITTEE MEMBER TOPICS

Subcommittee members should propose additional member topics related to the subcommittee’s subject matter that are not specifically listed in the Executive Order, provided the member topic aligns with the general framework and charge of the Licensing Reform Task Force as stated in the Executive Order.

Decision Point: During the organizational meeting, subcommittee members should propose any additional topics for consideration, not already listed.

The topics listed below were identified during the full task force meeting as potential topics for this subcommittee.

Member topic ideas:

Legislature authority to review	Process - update/modernize/change	Structure for sunset reviews

EXECUTIVE ORDER INITIATIVES

Decision Point: During the organizational meeting, the subcommittee should review the specific initiatives in the Executive Order and confirm which initiatives the subcommittee will focus on.

The following table lists the initiatives contained in the Governor's Executive Order:

Call of the Executive Order	Sunset Subcommittee Initiative
Whether the unregulated practice of an occupation or profession creates a direct, immediate, or foreseeable hazard to the public health, safety, or welfare	No
If there is a public benefit provided by licensure	Yes
If licensure significantly increases the cost of service to the public	Yes
If the scope of practice for a profession is readily identifiable and distinguishable from the scope of practice of other professions and occupations	Yes
If an occupation or profession requires a specialized skill or training for which nationally recognized standards of education and training exist	No
If qualifications for licensure are justified	Yes
If unnecessary barriers to entry exist for applicants	No
Whether existing licensing requirements contribute to workforce shortages or access constraints in rural frontier communities	No
Whether licensure portability, reciprocity, or endorsement pathways could expand access to qualified professionals, particularly in rural and underserved areas	No
Whether licensing structures are aligned with state and federal rural health transformation initiatives, including Centers for Medicare and Medicaid Services' Rural Health Transformation Program	No
If public support exists for continued licensure for each profession	Yes
If the state should implement a sunset review of licensing boards	Yes

SUBCOMMITTEE PRIORITIES
